## FAQ

### Straight teeth in 6 months, how is this possible?

**A.** Six Month Smiles® clear braces are safe, comfortable, and provide quick results. Using proven techniques and materials, the braces have been specifically designed for adults with crooked, spaced, or misaligned teeth.

### How much does it cost?

**A.** Use our Payment Calculator at [SixMonthSmiles.com/Cost](http://SixMonthSmiles.com/Cost) to estimate your monthly payment. While the cost is generally less expensive than traditional braces and aligners, the cost varies depending on your specific treatment goals and location.

### Will dental insurance cover the cost?

**A.** Your dental insurance may cover limited orthodontic treatment, such as Six Month Smiles®. The typical range of insurance coverage for orthodontic treatment is \$500-\$2,500; details of your insurance should be reviewed with your dentist's office.

### Are retainers required?

**A.** Yes, as with all orthodontic treatment, a retainer is necessary to maintain the new, straight position of your teeth. There are a variety of retainer options you can choose from depending on your personal preference and situation.

### Is there a catch?

**A.** There's no catch! If you are an adult patient with crooked, spaced, or misaligned teeth, then this could be a fantastic option for you! Ask your dentist today if you are a candidate for Six Month Smiles®!

### Does everyone really finish in 6 months?

**A.** 6 months is the average treatment time. Most patients finish right around 6 months, but treatment times may range from 4-9 months.
